What is FirstChoice™?

FirstChoice™ is the preferred pharmacy network of Southern Scripts, offering access to reduced prescription costs at participating FirstChoice™ pharmacies across the nation. A participating FirstChoice™ pharmacy offers, on average, a lower cost on medications for covered drugs than a standard (non-preferred) pharmacy. FirstChoice™ consists of both independent (local/community) and retail (national/regional) pharmacies.

Participating FirstChoice™ pharmacies also offer the added benefit of filling a 90-day supply of medications*.

Save Money by Locating a FirstChoice™ Pharmacy

1. Visit southernscripts.net/members
2. Select **Network Pharmacy locator**
3. Enter your **ZIP code**
4. The Southern Scripts Bin Number is **015433**
5. Enter your Group Code: (Also found on your Insurance/Rx card)
6. Select your search radius based on your ZIP code

Zip Code:	<input type="text"/>
Bin:	015433
Group Code:	<input type="text"/>
Search Radius:	15 <input type="text"/>
<input type="button" value="Search"/>

Pharmacy is in the Southern Script's Vaccine Network

* Pharmacies that do not participate in the FirstChoice™ Pharmacy Network are unable to dispense 90-day supply of medications. Speciality medications are limited to a 30-day supply.

How do I lower my prescription drug costs?

Locate a FirstChoice™ pharmacy by following the steps above

Remember: A participating FirstChoice™ pharmacy offers, on average, a lower cost on medications for covered drugs than a standard (non-preferred) pharmacy.

Ask your physician about generic drugs

A generic drug is a version of a brand drug. According to the U.S. Food and Drug Administration (FDA), compared to the brand drug, a generic:

- is chemically the same
- works the same in the body
- is just as safe and effective
- meets the same standards set by the FDA
- often costs much less

Example: rosuvastatin (generic) is the same drug as Crestor® (brand)

It is easy to transfer your prescriptions to a FirstChoice™ pharmacy

Locate a FirstChoice™ pharmacy by following the steps above

Remember: FirstChoice™ (preferred) offers, on average, a lower cost on medications for covered drugs than a standard (non-preferred) pharmacy.

Contact your new participating FirstChoice™ pharmacy

Inform your new participating FirstChoice™ pharmacy that you want to transfer your prescriptions from your old pharmacy. You will need the name, strength, and prescription number of each prescription, along with the phone number of your old pharmacy. You can accomplish this by calling, visiting the new pharmacy in person, or if your new pharmacy offers the technology, by using online services such as a website or mobile app.

What information will the pharmacy need to facilitate the transfer?

Your new pharmacy will need your health insurance information, and perhaps some personal information as well. Typically, your new pharmacy will request:

- Health insurance card
- First and last name
- Date of birth
- Address
- Phone number
- Possible allergies you may have

How long will it take to complete the transfer?

The amount of time your new pharmacy needs can depend on how many prescriptions need to be moved over, possibly 1-3 business days. When the time comes to pickup your prescription(s), please bring your insurance card with you to the pharmacy.

Price Check Tool

The Drug Pricing Tool allows members to price their prescription drugs at any pharmacy in a few easy steps. To access the Drug Pricing tool, please follow the instructions below:

1. Visit **southernscripts.net/members**
2. Select **Member Portal** on the left navigation
3. Login to the **Pharmacy Benefits Portal**
(if not already registered you will need to register)
4. Select **Price Check** on the menu located on the left
5. Enter **Zip Code**
6. Locate your desired pharmacy and select the **Check Prices** option
(Refer to legend to the right for pharmacy details)
7. Enter **drug name, desired quantity, and days supply** for the drug
8. Select **Check Price**
